

PARK NOTES

WAGONS WEST TRAVEL TRAILER ASSOCIATION -

There is no possible way that the residents of Wagons West can be bored. What used to be a lot where people parked their cars and RV's is now a lovely recreational paradise. What was started four years ago as an idea, has come to fruition. Here you can play pickleball, horseshoes, and lawn bowling. It has a putting green, basketball net and firepit. There are restroom facilities and filtered water. It also has a building complete with electricity for food events such as potlucks. Then to end a perfect Tucson evening is a view of spectacular sunsets.

Here at Wagons West, the residents like to show off their beautiful 51-inch concrete picnic table. We are currently making handmade ceramic tiles to decorate the table. Wagons West acquired a new kiln and it is being put to good use. -Bruce

This large recreational area on the "north 40" property of the Wagons West RV Park has been completely created by residents.
